

Reference Checking Service

Careerlink offers a reference checking service that is compliant with all privacy legislation, with a fast turnaround time to compliment your organisations recruitment processes.

Using the Careerlink Reference Checking Service allows your internal recruitment team to continue their hiring activities in parallel, expediting the recruitment process and internal efficiencies.

Our standardised screening process includes:

- **Referee identity verification** ensuring that the supplied contacts have a direct, professional relationship with the candidate
- **Telephone contact** with 2 x referees per candidate
- **Comprehensive probing** which verifies dates of employment, reason for leaving, and general performance, among other critical indicators relevant to your organisation
- **The ability to tailor the screening process** to the role and your organisation's needs, ensuring you are matched with the most qualified and suitable candidates
- **Client confidentiality** is maintained throughout, so we can probe without exposing who the employer is – valuable when screening applicants from your competitor
